The Community Ground

The home of Burscough Football Club

As you can see, we are still working hard to complete all the new development and infrastructure improvements at the ground, we appreciate your patience whilst this continues.

We have made great progress since the end of the 23/24 season. Our new function room, the '1946 Lounge', is now fully operational, along with the Churcher Estates-sponsored viewing terrace and a 100-seater stand next to the hospitality suite and accessible viewing area.

Visitors can purchase hot and cold drinks plus a variety of food and snacks at our Burscough FC "snack hut". Along with these is the Burscough FC pitch-side bar, which is fully licensed to sell alcoholic beverages as well as soft drinks.

We hope you enjoy your visit.

We would like to extend a warm welcome to our visitors today...

BURSCOUGH FC MANAGER

DAVID DEMPSEY

Good Afternoon.

Let me start by wishing everybody a Merry Christmas and a happy and successful New Year. I hope you've all had a wonderful time so far spent with your loved ones and friends.

Today brings us a game where we have a lot to put right given the result last time out against AFC Liverpool. We were on the receiving end of a big defeat on a night where we went into the game full of confidence. We let ourselves and everybody down against today's opposition in the previous fixture and we will do everything possible to put it right this time out.

The performances of late have improved considerably and the results have followed. I am writing this before the Padiham game on the end of a narrow defeat against Charnock Richard where we probably played our best football to date. The game was frustrating missing the chances we missed and conceding so late into the game again. However given the dramatic and frustrating ending to the Charnock game on reflection we have taken so many positives away. Hopefully the Padiham game is one that gives us another 3pts before today's game but I'm not a fortune teller so I don't know what will happen.

All that being said win lose or draw on Saturday today is another game which is a great test against a strong team where we can play with no fear and hopefully get a massive 3pts.

I can't tell you much we appreciate your support. It was nice to see a stand full of our own at Charnock and we hope to keep providing you with performances and results right through to the end of the season. Keep supporting through the good times and the bad and keep trusting in this group. Special things will happen!

As I write this we are 11pts off last seasons total and 2 wins away from last seasons games won. We've had a up and down start to the season but we've made progress. The group are looking to kick on in 2025 and see how many points and how many more wins we can total. We will win more games than last season and we will collate more points it's just a matter of seeing where that takes us...

Enjoy today's game. Have a drink and hopefully we will all have something to celebrate aside from Christmas Day come 5pm this afternoon.

All the best.
Demps

AFC LIVERPOOL

CLUB HISTORY

AFC Liverpool was formed in 2008 by 1,000 Liverpool FC fans who had become increasingly frustrated at the cost and difficulty in obtaining tickets for Premier League matches. The mooted '39th game', in which Premier League fixtures would be played in different parts of the world, proved to be the final straw as it clearly highlighted that those who ran top flight football were more concerned with money than its fans.

A website was created and, with the response being positive, work began to move to the next stage and create a steering group to make the club a reality. At the beginning of March 2008, AFC Liverpool was officially formed and it was made clear that the club was not in any way a response to the contentious ownership issue at Anfield or as a protest against Liverpool Football Club. It was a response to issues at the top end of football in general.

The new club's spokesman, former Radio Merseyside commentator, Alan Parry explained: This has nothing to do with the ownership issue (at Liverpool FC), it's about affordability. I've been going to Anfield since the late Seventies when I was six years old. A season ticket in the Kop cost £45 in 1985, today it's £650, which I know is a lot cheaper than some other Premier League clubs, but in inflation terms Eighties prices should equate to £98 today." Parry added: Far from wishing to be estranged from the club, we are hoping that Liverpool will look upon us as a little brother.

By May, AFC Liverpool had appointed its first manager in Derek Goulding. The following month the club arranged a ground share with Prescot Cables and had been accepted into the North West Counties Football League. On 16 July 2008 the club played its first game at the home of Ashton Town, a 1-1 draw in a friendly with St Helens Town. Mark Crowder scored the Reds first goal with a well-taken penalty and a crowd of nearly 600 augured well for the season ahead.

The club began its first league season extremely well, beating AFC Darwen 5-0 in their opening competitive game which heralded a run of ten wins in the first eleven games. However, we failed to keep this momentum going, eventually finishing a creditable fourth in the league. The season did prove fruitful though as a 1-0 victory over Padiham in First Division Trophy Final at Ashton Athletic provided the club's first piece of silverware.

The 2009/10 season began with three successive victories but after this became indifferent at best. After a 5-2 home defeat to Atherton Collieries on Easter Monday, Derek Goulding left the club and ex-assistant and goalkeeping coach Paul Moore was appointed caretaker manager.

Under Moore's stewardship the club had a strong end to the campaign, winning five out of their last seven league games and achieving a fifth place finish in the league. We also retained the First Division Trophy, coming from behind to beat Cheadle Town 2-1 in the final at Flixton. In doing so, AFC Liverpool became the first club to win the Trophy twice and to successfully defend it.

The 2010/11 began in promising fashion with a ten-game unbeaten run after an opening day loss at AFC Darwen. However, despite amassing their highest ever points total, promotion never looked likely because of the form of would-be champions AFC Blackpool and second-placed Runcorn Town.

AFC LIVERPOOL

CLUB HISTORY

We eventually finished fourth, narrowly missing third place on goal difference. There was further disappointment in the First Division Trophy when they reached the final for a third successive season only to lose to Atherton Collieries 3-2 after extra time. In the FA Vase, steady progress was made to the third round, where our dreams of Wembley were dashed by defeat at holders and eventual winners, Whitley Bay.

However, at the League AGM in July 2011, there was a surprise when Rossendale United were expelled from the league and, in a travesty of justice that still rankles today, the legendary Formby FC were demoted to the First Division. Holker Old Boys, who finished above us on goal difference, were offered but declined an invitation to take up a place in the Premier Division. We were invited to take the place and duly accepted, meaning we would play Premier Division football the following season.

The 2011/12 season started badly in terms of results as the club had to wait until November for their first League victory, a 7-0 demolition of Winsford United. Indeed the result proved to be something of a turning point as the club, who had been rooted to the foot of the table, began the steady climb out of relegation danger, ultimately finishing in nineteenth place.

The 2012/13 season saw the club consolidate its position in the Premier Division with an eleventh placed finish, accumulating sixty points in the process. As the season progressed, manager Paul Moore built a core squad of players, which played some of the most exciting, attractive football in the league and, post-Christmas, won fifteen and drew five of twenty eight games, including a defeat of eventual Premier Division champions Padiham on their home patch.

The performances were rewarded in the final game of the season as we beat recently crowned champions of the Evo-Stik NPL First Division North, Skelmersdale United, 3-0 in the Liverpool Senior Cup semi-final to book an all North West Counties League clash with Bootle in the final.

In 2013/14 we started the campaign at a pace, topping the early tables. They fell just short of being the youngest club to claim the Liverpool Senior Cup, losing the final to Bootle on penalties, and remained among the league's pacesetters until November and December when they began to drop away. Paul Moore's side regained their consistency though and eventually achieved their highest ever league finish, ending up seventh with a total of seventy points.

In 2014/15 we managed to record our highest ever win with a 9-0 victory against St Helens Town before eventually finishing ninth in the Premier Division. We also reached their second Liverpool Senior Cup final, beating Ashton Town, Everton and Bootle along the way. In an exciting final, which saw both teams score in the opening two minutes, we were unable to claim the trophy, losing 5-4 to NPL side Skelmersdale United.

We started the 2015/16 season in fine form, winning five out of our first six games, including a 9-2 away win at Chadderton in the FA Cup and a 3-2 win against NPL side Radcliffe Borough in the following round, sending us through to the First Qualifying Round for the first time.

AFC LIVERPOOL

CLUB HISTORY

At the end of September 2015 though, manager Paul Moore decided to move on and his place as taken by former midfielder Joe Gibbons, who had been on Moore's backroom staff since July 2013, firstly as coach and then assistant manager. However, after a good start to his tenure, a string of poor performances and results saw Gibbons resign after just nineteen games in charge. First team coach Kevin Dally was then appointed as the interim manager and with most of the players also having departed, Dally had just five days to bring in almost an entirely new squad before his first match in charge at Alsager. The Reds came from two goals down to secure a creditable 2-2 draw. Dally's appointment was made permanent in March 2016.

With the luxury of a secure league position Dally was able to use the remaining fixtures to embed his style of play and try out players almost in preparation for the following season. As a result the club finished seventeenth in the league but were in a stronger, more stable position from which to move forward.

Despite much optimism around what the 2016/17 season would bring, due in no small part to the quality of players Dally had convinced to join the club, we endured an inconsistent campaign. An early exit from the FA Cup at the hands of West Didsbury Chortton and a humiliating 6-0 home defeat to local rivals Bootle in the FA Vase meant we could concentrate on the league. For much of the season we were in the top six but a dreadful final two months of the campaign saw us finish twelfth, having had three points deducted for fielding an ineligible player earlier in the season.

At the beginning of June 2017 Kevin Dally offered his resignation as first team manager, a decision the Board reluctantly accepted. After a rigorous recruitment process former first team coach Chris Stammers accepted the job and with it the responsibility for taking us forward into the new season.

After some signs of promise in the opening weeks, we went on a catastrophic twelve match losing run lasting from mid-September up until early November. The nadir was a 4-5 defeat at Squires Gate, a team on a worse losing run and managed by their chairman on the day. It was already then apparent that a relegation battle was a real possibility. That unacceptable losing run ended with a deserved, if unlikely, 1-1 draw at local rivals City of Liverpool. Stammers side continued to stutter along beating relegation rivals AFC Darwen and Abbey Hey, but losing to promotion chasing Widnes.

Defeat at home to Burscough on 23 December proved to be the last straw for Stammers, who resigned shortly after, bringing his deeply disappointing tenure to an end. He was followed out of the door by a host of players whose motivation clearly wasn't playing for the shirt. The Board were now left with the task of appointing a second Manager in six months.

Stammers assistant Stuart Keir and reserve team manager Ben Williams were appointed joint managers on an interim basis. They marked their first match with a dogged 0-0 draw at home to Squires Gate and were eventually appointed as permanent managers. The final weeks of the season saw some encouraging performances from a team the fans were proud to turn out and support. Keir and Williams had ensured that our fate was in our own hands on the final day of the season; victory over Charnock Richard would ensure Premier Division status.

AFC LIVERPOOL

CLUB HISTORY

Despite taking the lead in the opening ten seconds, we eventually lost 2-1 confirming relegation to the First Division North. Regardless of the disappointment of relegation, Keir and Williams ensured the core of players who gave us hope were retained for the 2018/19 season. Our opening game away at Longridge Town started well as we cruised into a 2-0 lead, but we ended up losing 5-3 to the eventual champions.

Another 5-3 defeat followed four days later at home to Chadderton then we were eliminated from the FA Cup by Premier Division Ashton Athletic after a replay. Victory over Ashton Town, achieved with a last minute penalty, started a run of seven straight league wins. However, we were knocked out of the FA Vase by Barton Town. Three more league wins followed before a heavy defeat away at Carlisle City started a run of inconsistent results and performances. We were eliminated from the League Cup by Sandbach United and beaten at home by bottom of the league Holker Old Boys.

Three days after the Holker defeat we were about to set off for Cleator Moor Celtic when we received the tragic news that Ben Williams had passed away. The club needed a week or so to take stock before returning to the field of play, winning 1-0 at Litherland REMYCA in the Liverpool Senior Cup. With Stuart Keir now in sole charge of playing matters and coach Chris Anderson promoted to Assistant Manager, the team won six of their next eight games.

However, further sad news followed over the Christmas period when popular supporter and club statistician Don Steele unexpectedly passed away. The team continued to build on our pre-Christmas form reaching the quarter finals of the Liverpool Senior Cup and First Division Trophy and losing only one more league game to secure a third place finish in the First Division North.

Indeed the 2018/19 season turned out to be our best yet in terms of points gained. It was especially satisfying to have our efforts rewarded by the League as Callum Schorah won the First Division North Player of the Year Award and the club won the Divisions FA Fair Play Award.

Stuart Keir stepped down as manager at the end of the season due to family commitments so Assistant Manager Chris Anderson was given the opportunity to take charge of the first team. Anderson appointed Matt Potter as his assistant, retained the core elements of the squad he inherited, and made some judicious additions.

We had played twenty nine league games and progressed to the semi-finals of both League cup competitions when the FA controversially declared season 2019/20 null and void because of the global COVID-19 pandemic. We channelled our disappointment into participating in the ultimately unsuccessful legal challenge against the FA's decision.

The North West Counties Football League decided the previous season's cup competitions should be played to their conclusion so we resumed playing on 4 September 2020 when we lost on penalties to Runcorn Town in the League Challenge Cup semi-final after a thrilling 3-3 draw. A week later we suffered penalty heartbreak again, this time losing to Sandbach United in the First Division Trophy final.

AFC LIVERPOOL

CLUB HISTORY

In December a further national lockdown curtailed the 2020/21 season, but not a planned FA restructure of steps 4 to 6 of the National League System. To determine who would be promoted, each club was allocated an unweighted points per game figure on the basis of its completed fixtures in both the 2019/20 and 2020/21 seasons. Clubs were ranked within their respective leagues on the basis of those calculations. Our performances in those seasons put us comfortably in-line for promotion so the hard work of the last two years was rightfully rewarded with a place in the NWCFL Premier Division for the 2021/22 season.

Consolidation as a Premier Division side was achieved with a creditable fourteenth place finish in the league. Early exits in both the FA Cup and League Challenge Cup were somewhat offset by a thrilling run in the FA Vase in which we progressed to the fourth round before being beaten on penalties by Abbey Hey.

Prior to the start of the 2022/23 season, Matt Potter was appointed as manager following the departure of Chris Anderson, who accepted an assistant manager role at National League North side Chorley FC. Potter's team had an impressive start to the season, keeping pace with the front-runners Vauxhall Motors, Avro and Wythenshawe Town but, following an FA Vase exit on penalties in January, a poor run of form saw us slip down the table. Despite the setback we finished in an impressive sixth position in the NWCFL Premier Division, our highest ever placing.

In May 2023 there was an unexpected turn of events as, unbeknown to our Society Board, manager Matt Potter had been approached by newly relegated Skelmersdale United to become their new manager, a position he accepted. The irony wasn't lost on us as Skelmersdale United had issued a statement deploring poaching of managers after another NWCFL club took their previous manager. Reacting decisively and properly, we approached FC Bootle SE for permission to speak to their manager and our former club captain, Phil Stafford. Talks were swiftly concluded, and Stafford was announced as our new manager on 1 June 2023.

In an epic ending to this saga, Potter was sacked by Skelmersdale United in October 2023 and the club was relegated to the NWCFL First Division North. Stafford's side opened their campaign with a narrow 1-0 defeat at Kendal Town, who would be the Division's early pace setters. Ironically, our first home game was against Matt Potter's Skelmersdale United, a match we just couldn't lose. We triumphed 3-2, a scoreline that flattered the visitors.

We suffered an early exit from the FA Cup at the hands of Lower Breck, from the Liverpool Senior Cup by South Liverpool, the FA Vase, beaten by Blyth Town and the League Challenge Cup, beaten by Atherton LR. On 30 December, we recorded our highest ever home attendance v Bury FC as 877 spectators paid to see the game. Our league form was inconsistent, winning and losing in equal measure but by season's end we finished fourteenth in the Division. Backed to the hilt by the fans, Stafford's first season in charge was certainly something to build on.
